Once created, the Magic Pass account will be accessible from the application as well as from the website. From this account you can manage your data, add options, etc.

- Please go to the Magic Pass website and log into your account using the login data you created for the application.

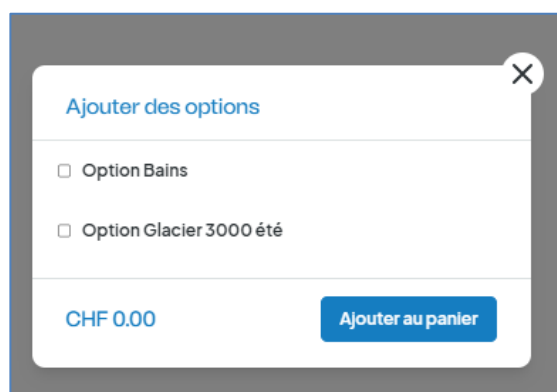

- Click on «Hello, Firstname+Surname»

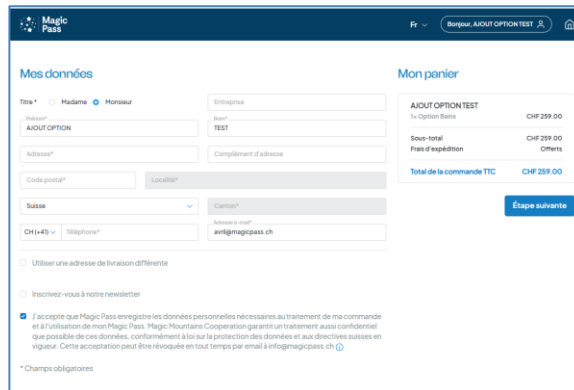

- Click on « Add options »

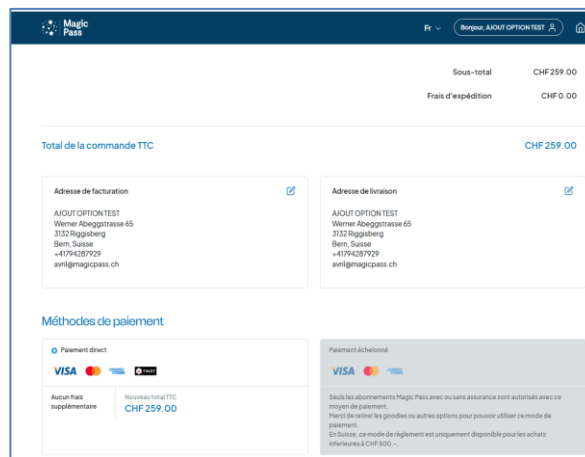

- Choose an option and click «Add to the basket»

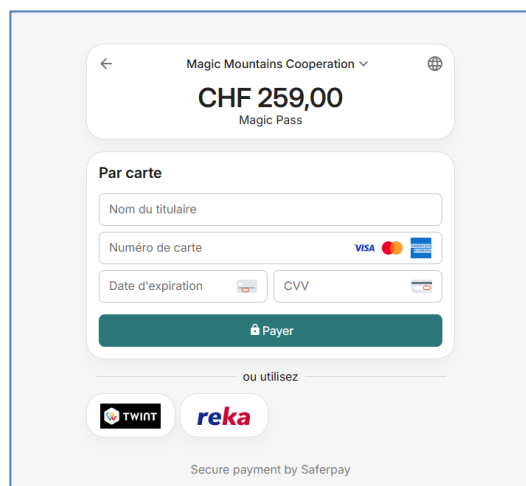

- Check your personal details and tick the paragraph on data processing (the 3rd). Go on to the next step.

- Choose your payment method. **Please note that payment by instalments is not available for the purchase of the options.**

- Pay using the method of your choice.

The 'Baths' option will be added to your Magic Pass card directly after your basket has been validated. This means that you can access the bath once the option has been paid for. No other card will be sent.

For the 'Glacier 3000 summer' option, you will receive another card. This option will be valid on receipt of the card, not on its payment.

Options are added to the Magic Pass PRO are subject to price evaluation. For more information, please visit <https://www.magicpass.ch/>.
